

VERSA-SHED™

5 x 3 ft. / 1,5 x 0,9 m

DOUBLE HINGE DESIGN

Unique lid design allows accumulated moisture to fall behind the unit, keeping stored contents dry from the elements.

HANDS-FREE LID SUPPORT

Unique lid design allows accumulated moisture to fall behind the unit, keeping stored contents dry from the elements.

FOAM CORE

Lines the interior of the swing doors making the Versa Shed a more solid, more resilient unit with better resistance to impact.

GALVANIZED STEEL

The Versa Shed is made from our high quality, electrified steel that undergoes a zinc plating process that protects the unit from corrosion and rust.

2-POINT LOCKING SYSTEM

Designed for added security, the unit's lockable lid and lockable doors make for more fortified storage

WIDE SWING DOORS

Swing out and offer easy access to large, bulky items

SPACEMAKER
