Safety and Care Advice

General care and maintenance

Take care when moving furniture - dragging pieces across the floor will damage the joints.

Avoid exposing your furniture to direct and prolonged periods of sunlight and heat sources as fading and cracking may occur.

Take care to prevent sharp objects e.g. toys, buckles and heels from coming into contact with your furniture, and avoid contact with chemicals e.g. cosmetics or hairs products which may permanently mark the surface.

○ (A) X2

Please Note!

If necessary the table can be adjusted for levelling up to uneven floors by extra felt pads.

Please Note!

Adjusting Push-To-Open Door Mechanism
If door does not open when pushed in it could be because the push-to-open mechanism needs adjustment. Simply turn the magnetic end of the mechanism to screw it out further so that it makes better contact with the metal strike plate.

Safety and Care Advice

Cleaning and care for wooden frame

Dust regularly with a clean dry cloth. Wipe up any spills immediately with a damp cloth and then dry the surface with a clean dry duster. Repeat this procedure for periodic cleaning.

The use of furniture polish or spray is not necessary or recommended.

General information

If for any reason you should have problems with your Habitat product, please contact the store from which you purchased it.

Please retain your receipt as proof of purchase.

If you have any comments or suggestions regarding this product, assembly instructions or service

received, please contact the store or Habitat Head Office via its web site: www.habitat.co.uk or write directly to: Habitat Retail Ltd. 489-499 Avebury Boulevard, Milton Keynes MK9 2NW
