Warning

1. No naked flame sources, such as lighted candles, should be placed on the speaker.
2. Do not place the product in enclosed bookcases or racks without proper ventilation.
3. The mains adaptor is used as the disconnect device and must be easily reached to unplug.
4. The ventilation should not be impeded by covering the ventilation openings with items, such as newspapers, table-cloths, curtains, etc.
5. Do not expose to dripping or splashed fluids. Objects filled with liquids, such as vases, must not be placed on the speaker.
6. The unit should not be exposed to direct sunlight, very high or low temperature, moisture, vibrations or placed in dusty environment.
7. Do not use abrasives, benzene, thinner or other solvents to clean the surface of the units. To clean, wipe with clean soft cloth and a mild detergent solution.
8. Never attempt to insert wires, pins or other such objects into the vents or opening of the unit.
9. Do not disassemble or modify the speaker - apart from the stylus which can be replaced, there are no other user serviceable parts.
10. If the speaker is damaged in anyway or malfunctions do not use. Consult a qualified service engineer.
11. Batteries shall not be exposed to excessive heat or direct sunlight, fire or the like.
12. Attention should be drawn to the environmental aspects of battery disposal.
13. Do not dispose this product with household waste at the end of its life cycle; hand it over to a collection center for the recycling of electrical and electronic appliances. By recycling, some of the materials can be reused. You are making an important contribution to protect our environment.
Please check with your Local Authority or recycling advice.

Disposal of your old appliance or battery

1. When this crossed-out wheeled bin symbol is attached to a product, it means the product is covered by the European Directive.
2. All electrical and electronic products including batteries should be disposed of separately from household waste at an appropriate recycling point/centre.
3. The correct disposal of your old appliance will help prevent potential negative consequences for the environment and human health.
4. For more detailed information about disposal of your old appliance, please contact your local authority or the shop where you purchased the product

Operation

Charging Your Speaker

1. Use the type-C power cord in the accessories to connect the DC 5V charger and speaker for charging.
2. The orange power LED will turn on to indicate that the unit is charging. then will turn off when fully charged.

Note: A full charge takes approximately 3 hours.

WARNING! A wet or contaminated USB charging connector may cause excessive heat or melting and may lead to fire damage or personal injury. Always charge your speaker with a clean, dry USB Type-C connector.

Power On / Power Off

Power on: Press and hold the  button for 2 seconds to power on the speaker. The working state LED will flash.

Power off: Press and hold the  button for 2 seconds to power off the speaker. The working state LED will turn off.

Pairing Bluetooth® Devices with Your Speaker

The speaker will not automatically connect to a new device when power on. In order to pair your Bluetooth audio device with your Bluetooth Speaker for the first time, follow the steps below:

1. Power on your speaker, the working state LED will flash in green.
2. Enable Bluetooth on your devices (phone or audio device). Refer to the manufacture's instructions for details.
3. Search for Bluetooth devices and select "Acoustic Solutions Q08S". If required, enter the password "0000" to confirm and complete the pairing process.
4. The speaker will beep when the devices are paired. And the working state LED will turn to green.

Note: The speaker will power off automatically if no connection within 20 minutes.

Bluetooth® Music Playback

1. Open the music player and select a song to play. Press the  pause / play the music.
2. Click the + button to increase the volume or long press to skip to the next song.
3. Click the - button to decrease the volume or long press to skip to the previous song.

Bluetooth® Phone Calls

1. Click the  button to answer an incoming call. Click again to end the call.
2. Press and hold the  button for 2 seconds to reject the call.

AUX IN

1. Use the 3.5mm audio cable in the accessories to connect the audio source equipment and speaker.
2. Turn on the audio source device and play music.
3. Press the  button to play or mute the speaker.

TWS Function

You can purchase two Acoustic Solutions Q08S speakers or other compatible TWS speakers (Q18S or Q28) so you can connect them together and enjoy the True Wireless Stereo sound with a combined power output.

1. Turn off the Bluetooth on your phone or device and make sure speakers are not connected with any devices (also remove the Aux-in cable).
2. Choose one of them as the master unit at will. First click the " [TWS] " button on the master , then two speakers will automatically connect each other.
3. Now turn on Bluetooth on your phone or device. And start to search for Bluetooth devices, the "Acoustic Solutions Q08S " will be found, please connect it. If you want to connect PC or other devices with Audio via Aux Cable, please choose the master unit.
4. Once TWS connected, it will re-connect automatically when next power on, otherwise you can clear TWS by long press " [TWS] " button.

Light theme

Double click the [Light] button when playing the music, the light theme can be changed. There are three light themes: Gradient changing light---Breathing light---no light.

Reset

Press and hold the [Reset] button 2 seconds to clear pairing records.

Troubleshooting

Q: My speaker will not switch on.

A: Please recharge it and make sure it has enough power. Plug the unit into a charger and see if the power LED indicator turn on.

Q: Why can't I pair this speaker with other Bluetooth devices?

A: Please check the following:

Your Bluetooth device supports the A2DP profile.

The speaker and your device are next to each other.

The speaker have connected one Bluetooth devices, if yes, you can press the [TWS] button cleared and pairing new device.
