# CV Grand Piano

Assembly & User Instructions – Please keep for future reference

900/2023

## Important

Age: 3 years +  
Maximum user weight  
for the stool: 50 kg.

## Important – Please read these instructions fully before assembly or use

These instructions contain important information which will help you get the best from your product and ensure safe and correct assembly, use and maintenance.

If you need help or have damaged or missing parts, call the **Customer Helpline: 0345 640 0800**

# Safety Information

**Important – Please read these instructions fully before assembly or use**

## General Safety

• **WARNING - Not for children under the age of 36 months due to small parts may present a choking hazard! Risk of strangulation due to the cable!**

• SPECIFICATIONS, COLOURS AND CONTENTS MAY VARY FROM ILLUSTRATIONS.

• Young children in play are unaware of potential dangers and hazards, therefore responsible adult supervision is essential.

• **Caution:** Remove all packaging and attachments before giving this toy to a child. Please retain all information relating to this product for future reference.

• Adult assembly required.

• **Warning:** Due to insufficient strength, the stool is not for children with a body weight of more than 50kg.

## Safety Battery Precaution

• Only use the batteries specified (3 x 1.5 V LR6).

• Non-rechargeable batteries are not to be recharged.

• Rechargeable batteries are to be removed from the toy before being charged.

• Rechargeable batteries are only to be charged under adult supervision.

• Different types of batteries or new and used batteries are not to be mixed.

• Only batteries of the same or equivalent types as recommended are to be used.

• Batteries are to be inserted with correct polarity.

• Exhausted batteries are to be removed from the toy.

## During Use

• The keyboard will automatically power-down after three minutes without input to preserve battery life. The unit can be turned on again by pressing any button.

• Please turn the unit off when the program/ activity stops working. Interrupt the power supply by removing the batteries. Let the unit rest for a few minutes with batteries, then replace the batteries. Turn the unit on. The unit should now be ready to play again.

• The supply terminals are not to be short-circuited.

• Do not dispose the battery in fire, battery may leak or explode.

• Battery should only be replaced by adult.

• Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.

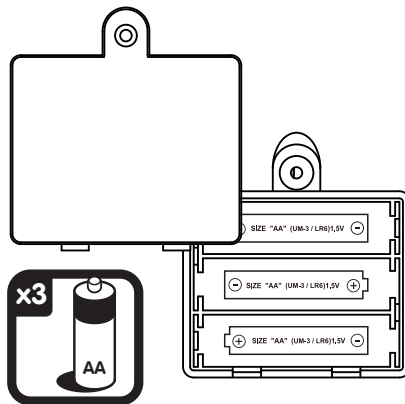

• Remove batteries during long periods of non-use.

## Battery Installation & Replacement

• Loose the screw by screw driver to open the battery compartment doors at the back of keyboard.

• Insert/ replace the new batteries in the proper direction indicated inside the battery compartment. Close and screw the battery door.

• Keyboard is powered by 3 X 1.5V "AA" (Not included).
