buying guide

finding the perfect Silentnight mattress

Finding it a challenge to pick the right mattress? We've created this quick-fire guide to help you discover the mattress of your dreams with total ease. So, let's get started...

love

the UK's
most trusted
sleep brand

the way you sleep affects **your mattress choice**

Every sleeper is unique – whether you're a twister and turner or sink-in snoozer, Silentnight has the mattress for you.

Mattresses have a range of support systems, comfort layers and firmness ratings.

Understanding each of these will help you find the benefits which suit the type of sleeper you are. In turn, it will help narrow down your mattress choice and get you closer to finding that perfect mattress.

a quality support system will help your posture

The support system makes up the core of the mattress and is key to body support, comfort and sleep quality.

Silentnight offer both spring and foam support systems that come with their own unique benefits.

support systems

Mirapocket® or miracoil® makes up the core of the mattress and are key to comfort, support and sleep quality. Our mattresses feature either option and both offer zoned support for better spinal alignment.

miracoil®

Our unique zoned miracoil® support system provides no roll together for less partner disturbance and zoned support where you need it most

- **Waking through the night?**

The no roll together technology ensures there's less partner disturbance so you can sleep peacefully through the night

- **Suffer with niggling aches and pains?**

Our zoned support system has been scientifically proven to improve your spinal alignment and posture

- **Like it on the firmer side?**

Our miracoil® support system has been designed to offer you firmer support, ideal for front and back sleepers

mirapocket®

Our mirapocket® support system offers even weight distribution to assist easy movement and improve spinal alignment for an undisturbed night's sleep

- **Looking for tailored support?**

Individual responsive pocket springs conform and adjust to your body weight resulting in luxurious comfort and tailored support

- **Suffer with niggling aches and pains?**

Our zoned support system has been scientifically proven to improve your spinal alignment and posture

- **What sort of sleeper are you?**

Whether you're a front, back or side sleeper, our mirapocket® support system has a firmness rating to suit your sleeping position.

foam

Our foam support system cocoons the body from head to toe, to provide you with a supportive and comfortable night's sleep

- **Looking for pressure-relieving support?**

Our foam core offers unparalleled support to help improve spinal alignment and posture

- **Need more sleeping space?**

You'll be supported to the very edge of the mattress, which means extra sleeping space for you

- **Want a supportive but comfortable sleep?**

The body moulding foam creates a cocooning feel from head to toe, resulting in a supportive and comfortable night's sleep

comfort layers

Our mattresses feature a range of unique comfort fillings, helping to personalise your sleep experience, turning a good night's sleep into a great one.

geltex®

ideal for twisters & turners

- Our Geltex® comfort layer allows you to move freely, so you can twist and turn without waking through the night
- Geltex® is great at relieving any niggling aches and pains.
- We test beyond the British standard to prove that even after 8 years of sleep your mattress will still perform as well as it did when you bought it

eco

ideal for planet savers

- Our Eco Comfort Fibres™ are highly breathable so you can enjoy a fresher and cooler night's sleep
- Made from recycled plastic bottles, our Eco Comfort Fibre™ layer brings you incredible comfort that won't cost the planet or your pocket
- Good for you and good for the environment, our eco-friendly mattresses are fully recyclable at end of life

eco breathe

ideal for hot sleepers

- The Coolmax™ sleep surface wicks away moisture, which creates a cooling effect on your body
- The Eco Breathe Fibres™ channel moisture away from your body which prevents overheating through the night
- The Eco Comfort Fibres™ naturally evaporate moisture to maintain a clean, fresh and healthy sleeping environment, night after night

memory

ideal for sink-in snoozers

- Sink into a blissful night's sleep with the cocooning nature of memory foam. It absorbs energy whilst you sleep, perfect if you're a restless sleeper
- Memory foam is great at relieving built up pressure within the body.
- If you're a cool sleeper who struggles to get warm in bed, memory foam is the perfect choice for you as it holds on to heat, resulting in a warming effect on the body

your ideal firmness

Whether you're a front, back or side sleeper, Silentnight has a firmness rating to suit your sleeping position.

medium soft

If your a side sleeper and like to sink-into your mattress then medium soft is perfect for you.

medium

The Goldilocks of firmness ratings. Not too soft, not too firm - a safe shout for you side sleepers.

medium firm

A little bit of give, but with that extra level of support. Perfect for both back and side sleepers.

firm

Those of a larger stature and back or front sleepers tend to go for firm; so you can enjoy extra support from head-to-toe.

extra firm

Sometimes called an orthopedic mattress, sleeping on this type of mattress can help with back issues and gives support to the whole body.

a great night's sleep powered by renewable energy and plastic bottles

Whether that be through **sustainable product options** for the industry, or logistics - such as **taking away our packaging for recycling** or by providing our **mattress recycling service** for your old beds, you can be sure we're thinking about our planet every step of the way. We are **proud to be a carbon neutral business**, our factory is solely **powered by renewable energy** and we have won a number of awards in relation to our sustainability efforts. Through sustainable product development, progressive work practices and a partnership with the Marine Conservation Society, we are **determined to make the world a greener place.**
