

CRAZLOOM

the **Ultimate Rubber Band Loom!**

The Basics

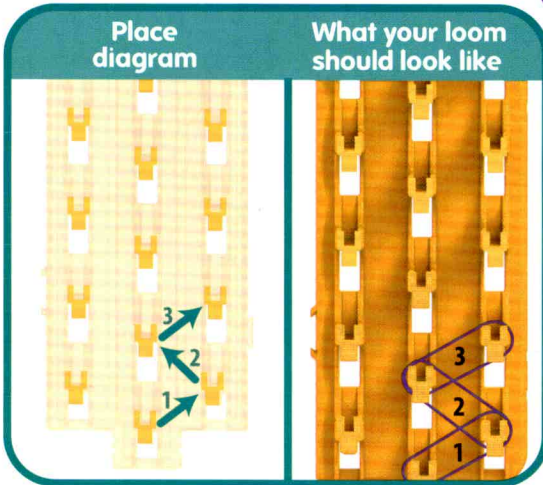

It's so much fun to make rubber band bracelets, bows, and zipper pulls. Take time to learn the basics, then follow the diagrams and make bracelets. Have fun!

Place, Flip, Pick & Loop to Create Amazing Jewellery!

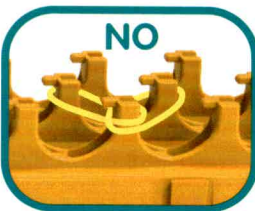

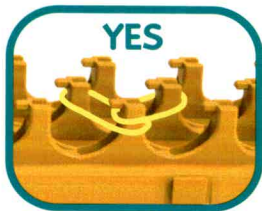

Place

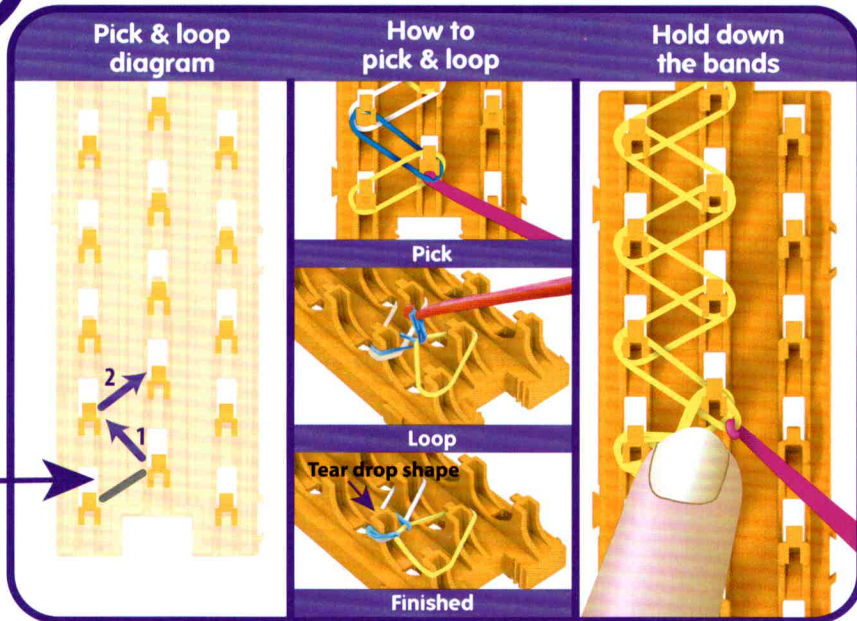

Pick & loop

Place the rubber bands on the exact pegs and in the exact order shown in the place diagrams.

When placing bands on top of other bands, its important to keep the bands stacked in the order you placed them. Try not to overlap when placing bands.

Grey lines are bands already placed or bands not to pick.

The pick & loop diagram shows the order to pick & loop, which band to pick, and which peg to loop the band onto.

Use the hook to pick the bands off one peg and loop them onto another.

Pick the band(s) from the inside of the other bands.

Always pick & loop the same band onto itself.

When finished, you will see a tear drop shape.

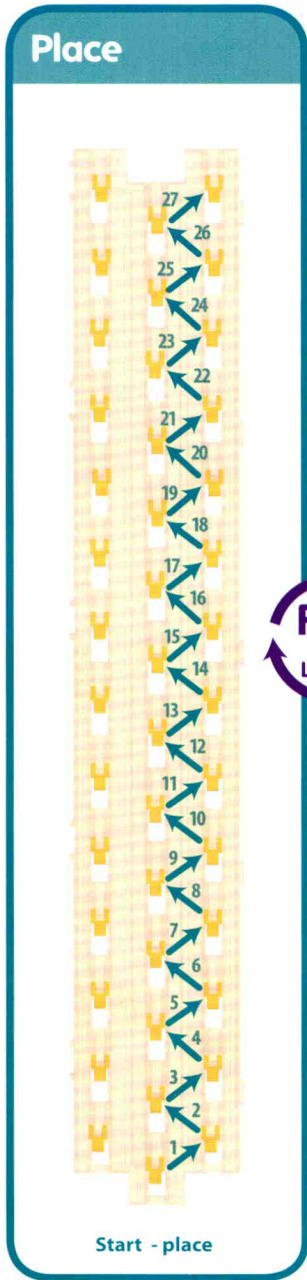

Hold down the other bands on the peg with your finger so they don't come off the peg.

Single Loop

You will need: 28 bands, 1 s-clip.

Directions: Follow the place diagram and place a single band per peg. Flip the loom, then pick & loop the bands. Tie the end with a slip knot, take the bands off the loom, then add a s-clip.

After picking & looping, add the slip knot.

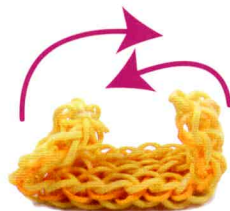

Bow

Its really simple and fun to make a bow.

You will need:
A waterfall or ladder bracelet and 6 rubber bands.

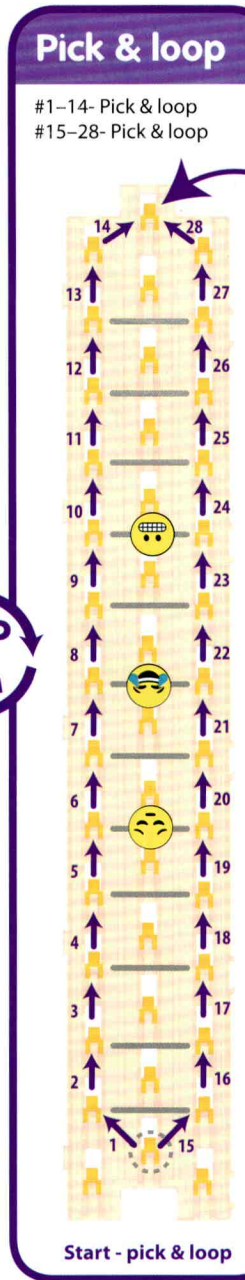

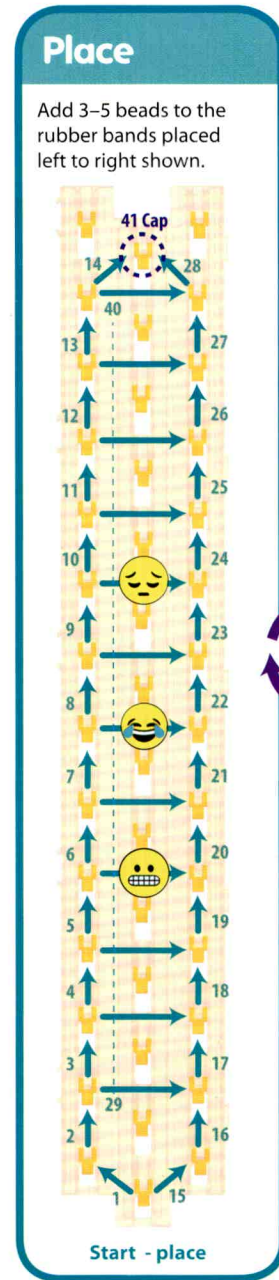

1 Pick a waterfall or ladder bracelet.

2 Fold the ends of the bracelet together so the ends are touching and slightly overlapping.

Ladder bracelet

You will need: 42 bands (left row 14 bands, right row 14 bands, left to right 12 bands, cap 1 band, slip knot 1 band), 3-5 beads, 1 s-clip, 3+ beads (optional).

Option:

Add 3 beads in the center row

Waterfall bracelet

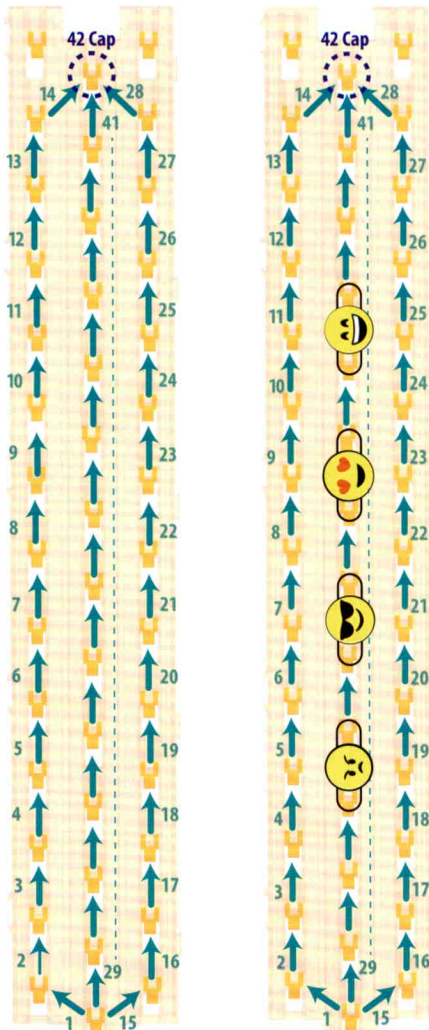

You will need: 54 bands (left row 14 bands, center 13 bands, right row 14 bands, 1 cap band, 12 bands for triangle shape, 1 band for the tie), 4 beads (optional), 1 s-clip.

Directions: Place, flip, pick & loop, tie the end, then add a s-clip.

Before placing the bands in triangle shapes on the pegs, push the other bands down on the pegs.

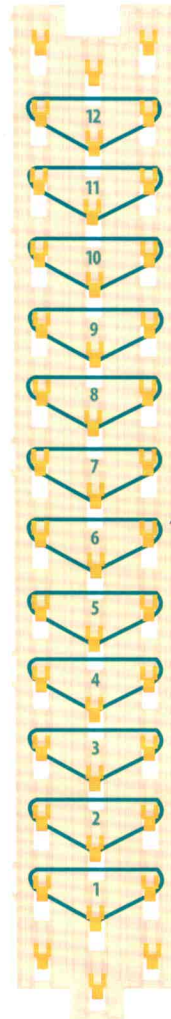

Place-1

Place-1 Option
option to add beads

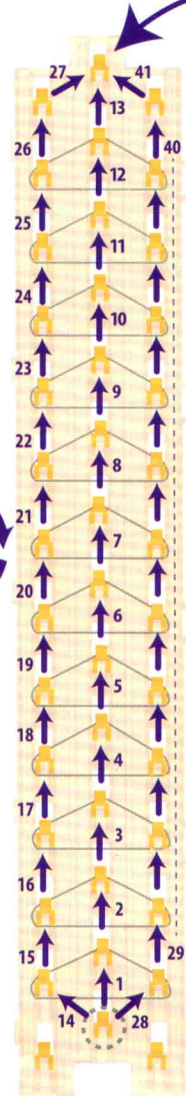

Start - place

Place-2

Continue - place

Pick & loop

Start - pick & loop

After picking & looping, add the slip knot.

After picking & looping, add the slip knot.

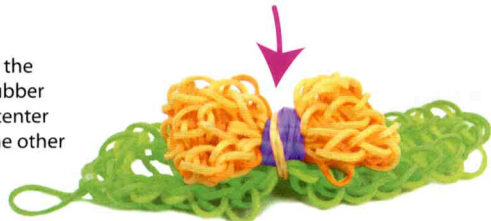

- 1-14- Pick & loop. For #1, grab the first band under the cap band. For #2-14, grab the bottom bands.
- 15-28- Repeat.

- #1- Picking from the peg with the cap bands is tricky. Grab the first band under the cap band. Then continue to pick and loop through #13.
- #14-27- Pick the bottom band & loop.
- #28-41- Repeat.
- Add slip knot.
- Hold the slip knot and take the band off the loom.

3 Wrap the 6 rubber bands around the center of the folded bracelet, 2 times. Shape it a little. You have created a bow!

4 To add the bow to the bracelet, wrap a rubber band around the center of the bow over the other bracelet. So CUTE!

...more basics

Add a cap

When a cap is needed, the diagram will tell you where to place it, and in what order.

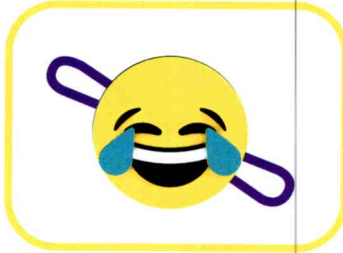

To create a cap, loop 1 rubber band around the designated peg 2-3 times. Don't let the cap band overlap onto the bands below.

Add beads

You can loom beads into your bracelet, or add them as decoration after the bracelet is done.

Both options require you to thread a rubber band through the bead hole. Pinch the end of the band to get it through the bead hole.

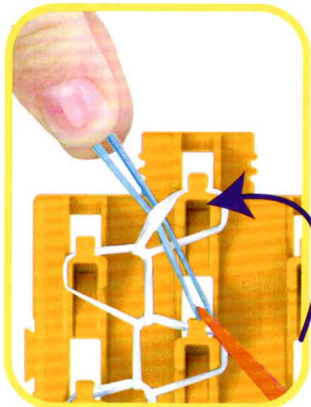

To add a bead to a finished bracelet, use a s-clip to secure the band around the bracelet.

Slip knot the end

When you are done picking & looping, always make a slip knot with a band.

1 Thread a single band through the band(s) on the last peg you looped.

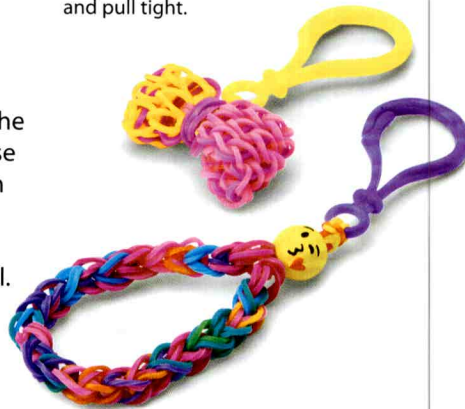

2 Loop one end of the single band through the other, and pull tight.

if you don't knot the end, your bracelet will fall apart

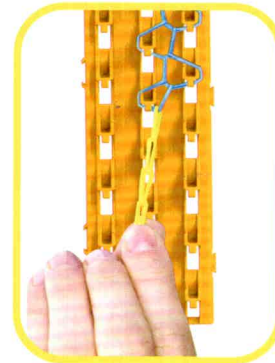

Zipper pull

Slip a rubber band through the hole in the zipper pull and use a s-clip to join that band with one of your rubber band creations. Create anything to hang from your zipper pull.

Remove & s-clip

After you make the slip knot, remove from loom and add s-clip.

1 Start from one end of the loom and gently lift and tug the bands off the pegs. It helps to hold the slip knot, and use your hook to get the bands off the pegs.

2 Stretch and shape your bracelet to get the band loops looking how you want them.

3 Connect the two ends of the bracelet with a s-clip.

The s-clips are also used to attach the hearts and smiley faces to the bracelets.

4 Make the bracelet longer by connecting extra bands to the end or join two bracelets together.

WARNING: Do not wear bracelets around neck. Always make sure wearable is loose enough so it does not cut off circulation or cause irritation. Discontinue wearing if skin redness develops.

RECYCLING OUR PRODUCTS
All our products and packaging is designed with easy and safe recycling in mind. For information on the National Recycling Strategy and the recycling logo on this pack or product please visit - www.Recycle-More.co.uk - where you will find the answers to your UK recycling questions.

WARNING! CHOKING HAZARD.
Not suitable for children under 36 months. Choking hazard (small parts and small balls). Please remove all packaging attachments before giving this product to a child. Please use discretion if making purchases for children younger than the age recommended on this package. Product specifications, colour and contents may vary from those illustrated. **IMPORTANT:** Please retain packaging/instructions and purchase details for future reference as they contain important information.
