

Style (Grey)

The new Style delivers a sleek, simple and contemporary look, perfect for the modern kitchen or home. The innovative Smart traffic light indicator gives a clear warning on cartridge life based on time and volume of water filtered. Featuring new MAXTRA+ filter with MicroFlow technology the filter removes impurities from tap water to leave great-tasting water for drinking, brewing tea and coffee and preparing meals. The Style jug is a cost-efficient and environmentally friendly alternative to transporting and storing plastic bottled water at home.
