**READ THIS MANUAL
CAREFULLY AND FOLLOW THE
INSTRUCTIONS COMPLETELY**

Complies with EN 14120:2003+A1:2007
Users of body mass more than 25kg to 50kg

FITTING YOUR PROTECTION PADS

FITTING TO BE SUPERVISED BY AN ADULT.

ELBOW PADS... **...KNEE PADS**

- First open the Hook and Loop fasteners.
- The protectors are marked 'Left Knee', 'Right Knee', 'Left Elbow' and 'Right Elbow'.
- Pull the correct protectors with sewn stocking, over the legs and arms.
- Ensure the plastic cap is centrally placed over the knee or elbow.
- Fix the protectors in place using the elastic closure straps, pulling them around the limbs and pressing the hook and loop closure in place.
- Ensure the elastic straps hold the pads firmly in place but not so tight that the blood circulation is affected. To remove the protectors - reverse the process.

WRIST GUARDS

- First open the Hook and Loop fasteners.
- The guards for the wrist are marked 'Left Wrist' and 'Right Wrist'.
- Pass your thumbs through the opening of the guard, with the palm resting on its padded inside.
- Now hold in place with the 3 straps, pulling them around your hand and fixing with the hook and loop fastenings.
- The curved protective rail is now located in the middle of the palm.
- They must be firmly attached but not so tight that the blood circulation is affected. To remove the guards - reverse the process.

CLEANING YOUR PROTECTION PADS

Surface wipe clean only. Do not use bleach. Do not machine wash.
Dry at room temperature, away from heat sources.

Material: 15% Elastic / 25% Polyester / 22% EVA foam /
15% Polypropylene Shell Style / 23% Lining.

SAFETY INFORMATION

INSPECTION:

Carefully inspect the protection pads before each use. If they no longer feel secure or are showing signs of wear or damage, please discard them - as their performance may be reduced.

WARNING:

The protectors are not intended to provide protection in the event of a serious fall, when travelling at speeds in excess of 12kph or 7.46mph.

These protectors help protect against superficial grazing and minor impact.

Do not store in direct sunlight.

Adult supervision is recommended during fitting.

Please be aware that changes in environmental conditions such as temperature can significantly reduce the performance of the protection pads.

Please use the product in the manner it was intended. Any contamination, alteration to the protector, or misuse would dangerously reduce the performance of the protection pads.

Please fit the protective pads so the adjustable straps provide a comfortable but secure fit. Please note that no protection can offer full protection against injury. The expected service life of the protectors is 2 years! After this period, the protectors must be replaced because it might no longer perform adequately.
